You can access these databases at the library, at school, or at home! All you need is your library card.

Go to the Woburn Public Library website: http://library.minlib.net/search/

Scroll down the page and find the word "Databases." Click on the word. There will be a long list in alphabetical order. Find one of the databases above, click on its name and explore!

AMAZING ANIMALS OF THE WORLD

Common and rare animals from all around the world will help you write a great report for school, or satisfy your curiosity about animals you'd like to learn more about.

AMERICA THE BEAUTIFUL

United States history and current events, landmarks, special places, biographies, and even politics can be found in this database.

kids InfoBits

There are bits of everything in this database, from help with homework in subjects like math, reading, social studies and science, to fun information on sports teams, arts & entertainment, and inventions. What will you find?

NoveList

Once you click on this database, look at the left hand side of the page. You'll see that you can choose ages 0—8 years, or 9—12 years. Once you've chosen your age, you can see what books are recommended, then check and see whether the Minuteman Libraries own them. You can type "Like Wimpy Kid" and get not only all the Wimpy Kid titles, but also other titles you might enjoy!

Pebble Go

There are four databases in PebbleGo, especially created for early learners (kindergarten through grade 2). Young students will find easy-to-read information perfect for school projects on

Animals

Biographies

Earth and Space

Social Studies.

TumbleBook Library

Can't find a thing to read and the library is closed? Check into TumbleBooks for a range of reading materials for preschoolers through upper elementarygrades. You can read along with many of the stories; for younger children, stories may be read to them! There are games and videos available on this site, too. Now you've gone from "Nothing to read," to "Wow! What shall I read first?!"
